SIR,

With reference to the Budget Estimates for Salaries etc. for the year 1933-34 forwarded by the Comptroller to Government I have the honour to state that a sum of Rs.35,282/- provided under Salaries in the departmental budget is made up of Rs. Rs.32,937/- for salaries to officers and Rs.2345/- for deputation charges of Mr. B.Rama Rao, Assistant Geologist. The latter provision is insufficient to meet the deputation charges of Mr. Rama Rao since a sum of Rs.4070/- (or Rs.4,100/- in round figures) is required under that head as per revised statements forwarded to you with this office letter No.7013-44 dated 9th March 1933. A copy of letter No. 7132-15 dated 11th April 1933 now addressed to the Comptroller in the matter is herewith forwarded for your information. It is requested that necessary action may kindly be taken to have the due provision made in the budget for 1933-34.

With reference to your letter No.130/Budget dated 6th April 1933 forwarding the budget estimates of this department for 1933-34 other than Appendix B, viz., those relating to Travelling Allowance and special charges, I have the honour to state that the figure under salaries requires revision. This would have been pointed out in the memo of explanations for variations forwarded to you with this office letter No.7132-12 dated 10th April 1933 but for the instructions conveyed in para 2 of your letter quoted above, according to which no proposals for the revision of the figures under "Salaries & Establsihment" are to be included now.

The total amount under Salaries to Officers including salary cut is Rs.32,937/~~-~~. The amount as provided for by you is Rs.35.282/- which presumably includes Rs.2345/- being the deputation charges of Mr. B.Rama Rao, Assistant Geologist, for the year 1933-34 as originally fixed by Government order No.D. 1538-9/Geol.16-32-6 dated 10th October 1932. But this amount ha however been increased to Rs.4070/-(or Rs.4100/- in round figures) as per revised statements of deputation expenses for 1933-34 forwarded with this office letter to you No.7013-45 dated 9th March 1933. This sum being absolutely necessary for deputation charges during next year, it is requested that the provision of Rs.35,282/- under Salaries may kindly be increased by Rs.1755/- to Rs.37,037/- to make up for the difference (of

(of Rs.4100-2345 Rs.1755) in the estimates.

A copy of this letter is sent to Government for information.

FROM

A. M. SEN, ESQ., M.SC., F.G.S., etc.,
Offg. *Director of Geology in Mysore,*
Bangalore.

To
S. Abdul Wajid, Esq., B.A.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
Development Department, Bangalore.

SIR,

With reference to your letter No.D.4123/Geol.16-32-14 dated 25th February 1933 approving of Mr. B. Rama Rao's (Asst. Geologist) stay in London by seven weeks longer owing to the postponement of the date of the opening of the technical session of the International Geological Congress at Washington, D.C. from early in June 1933 to 22nd July 1933 and requesting that a revised statement of expenses required in connection with the officer's deputation for the year 1933-34 may be submitted to Government for their early orders, I have the honour to forward herewith revised statements of deputation charges for the years 1932-33 and 1933-34 together with copies of the original statements of such expenditure as ~~sanctioned in~~ appended to Government order No.D. 1538-9/Geol.16-32-16 dated 10th October 1932.

From a comparison of these two statements, it will be seen that during the current year, the deputation charges would come up to Rs.3,920/- as against Rs.4,047/- provided by reappropriation out of the departmental funds and sanctioned by Government in their order No.D.3794-5/Geol.55-32-2 dated 8th February 1933. Thus a sum of Rs.127/- is likely to lapse out of this provision at the close of the current year, 1932-33.

As for the next year, 1933-34, provision has to be made for a sum of Rs.4,070/- as deputation charges, details for which are shown in the statement herewith appended. This sum is in

p.t.o

excess of the original estimate of Rs.2345-2-0 as shown in the statement appended to Government order of 10th October 1932 by Rs.1725/-. The reason for this increased expenditure is due to the American tour and Congress charges being incurred in 1933-34 instead of in 1932-33 as originally provided for and to Mr. B. Rama Rao's stay in London during September and October 1933 to undergo the course for the diploma of the Imperial College of Science, sanction for which has been solicited in this office letter to you No.7013-40 dated 25th February 1933.

It is therefore requested that for the year 1933-34 a sum of Rs.4,070/- may kindly be provided in the Departmental budget as deputation charges of Mr. B.Rama Rao, Assistant Geologis

The above figure of Rs.4,070/- has been arrived at by calculating the rate of exchange at Rs.13/6/- to the pound (Sterlin and Rs.3-12-0 to the American Dollar. But due provision has to be made in the budget taking into account the fluctuations in the rate of exchange at the time of payment.

Early orders of Government in the matter are solicited.

I have the honour to be,
